**Attachments:** Draft Desk Statement on Possible PFAS in Adulticide Sprayed in SE MA cba.docx

*Internal, draft*

Thanks, Dian! My suggestions in the attached.

Best,  
Catherine

**Importance:** High

Hi All,

Could you please take a look at the draft desk statement, attached and below (in case you're reading it on your iPhone), that was requested by Region 1?

Thanks. I appreciate your input.

**Desk Statement on Possible PFAS in Mosquito Adulticide Sprayed in Southeastern Massachusetts**

On Aug 10, 2020, an aerial mosquito application was made in Plymouth County and parts of Bristol County in Massachusetts using Anvil 10-10 ULV (EPA Reg. No. 1021-1688-8329), which contains the active ingredients sumithrin and piperonyl butoxide.
